

## **MK CCG Board Actions, Performance Record 2018/19**

Red: concern or delay in progressing the action

Amber: detail of action and timescale planned in order to conclude

Green: completed, on this agenda for agreement, or not yet due

Ref. (meeting date/item no.)	Action	By When	Progress	Traffic Light	Lead Name
271118/9	BAF - Risk ST52 – it was agreed this should be further reviewed to take into account that many Doctors in Primary and Secondary care are coming to retiring at the same time, causing pressure on the system. It was agreed that the Senior Leads Team will take this forward via the Primary Care Committee and the GP Federation.		In progress. Workforce planning approach across the 3 CCGs with respect to this		RA
271118/18	Public Health Update: Homelessness and Health - There was discussion on how to communication with people who don't always have access to mobile phones or computers. EW to progress with the Task and Finish Group.		Discussed at the Task and Finish group. SMART who provide the rough sleeper outreach services are happy for their generic email (info@roughsleeperpartnership.co.uk) to be used for notification that test results are ready. They can then inform the rough sleeper and help them get in contact with the relevant service for results.		EW
220119/6	Quality & Performance - There was discussion on how the national standard of 19% of the population accessing the service was calculated. This is based on 19% of the population in MK with Mental Health issues. RA to provide the number of patients who have benefited from the service.		Addressed in the March report		RA
